# About Homes

Hope Starts at HOMES

At H.O.M.E.S. Inc., we believe every young person deserves the stability of a home and the chance to thrive. Too many youth age out of foster care without a safety net—facing homelessness, joblessness, and uncertainty. Since 1998, we've been changing that story by providing safe, affordable housing and comprehensive wraparound services that include education, career guidance, life skills training, therapy, and mentorship. Your support helps us open doors, create stability, and build brighter futures for young adults who simply need someone to believe in them. Your donation will help us ensure that youth and other families we serve will have access to each resource.
